## Equipment Loan Agreement Form

Wilmington University provides assistive technology on loan for a temporary period to students with documented disabilities who qualify to receive special accommodations. In order to receive equipment, students must properly register with the Office of Student Affairs to receive special accommodations. WU requires students to handle borrowed equipment with care and mandates the return of the equipment upon graduation or withdrawal from the University (whichever comes first).

If the equipment is not returned in a timely manner, returned in damaged condition, or lost, the student's account will show an outstanding balance resulting in the charge for the equipment. Non-payment will result in a hold being placed on the account which could affect the student's inability to access of grades, register and graduate.
