DONOR HONOR ROLL

THANK YOU MESSAGE
From Wilmington University President

NEW CAMPAIGNS
Including License Tags and New Diplomas

DONOR RECOGNITION

GREETINGS & GRATITUDE

Dear Alumni, Friends and Corporate Supporters,

Wilmington University passed the 25,000 mark in alumni membership with the graduating class of 2008. This comes at the beginning of a very special year for us because it was on September 22, 1968 that the first student walked through the arches to begin classes at the New Castle site. Many activities have been planned to celebrate the 40th Anniversary of the University and it was fitting that our first event was an alumni reunion picnic to welcome all of our alums back to campus.

Wilmington University is fortunate to have an extended family of alumni, friends and corporate supporters who continually invest their time, talent and treasure to insure that the University continues to create educational oppor-

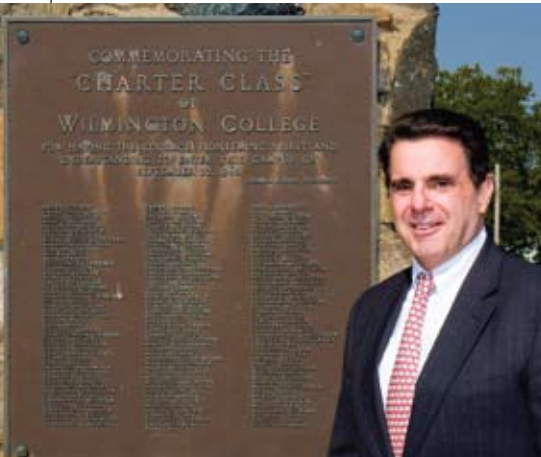

tunities for people in the region who share a commitment for potential learning at Wilmington University. The purpose of the Donor Honor Roll is to acknowledge and thank all of our alumni, friends and corporate supporters who have made a contribution during the 2007-2008 fiscal year. Your contribution at this critical time in our 40th Anniversary year will guarantee that we will have

the support to insure that our students will continue to have an experience that is grounded in our commitment to excellence in education, relevance in the curriculum and individual attention to students as we offer opportunities for higher education to students of varying ages, interests, and aspirations.

Your participation in our Annual Fund activities will increase the scholarships and other benefits that are available to our students.

Sincerely,

Dr. Jack P. Varsalona
President

YOUR UNIVERSITY IS GROWING!

Since its humble beginnings as a commuter college in 1968, Wilmington University has seen tremendous growth and change. The University, which was once a college, now has 11 locations in Delaware and southern New Jersey and serves a student body of over 11,500.

Students can choose from 31 undergraduate degrees or 22 graduate degrees in a variety of different programs. Many students who attend Wilmington University are attracted to the flexible schedules, which allow students to take courses in the evening, during the day, online or on weekends. Recently the University began offering online degrees, an option that has been extremely popular among incoming and current students.

The class of 2008 was the largest graduating class to date consisting of 2,367 degree recipients. Additionally, Wilmington University welcomed over 25,000 alumni in 2008, a number that continues to rise.

DONOR HONOR ROLL

On behalf of our students, faculty, and staff, we thank all of our alumni, friends, and corporate supporters who contributed to the annual fund for the fiscal year of 2007/2008 that provided scholarships and other benefits for our students.

My wife and I are both Wilmington University Alumni and have enjoyed the Alumni activities over the many previous years. We had a very positive experience at Wilmington University. There was a real understanding of the adult working student. We are proud to say we are Wilmington University graduates. Thanks for the University's continued support.

I had a good experience
 in the MBA and Master of
 Human Resources program
 at Wilmington University.
 I was adequately prepared
 to be a Nursing Home
 Administrator and Director
 of a men's program at a homeless shelter.

I would recommend either of these programs.

Wilmington University provided me the opportunity to continue working full time while I earned my Master's degree. The instructors were very knowledgeable and had

real life experiences to share. Being a mom and a professional is a hectic life, but Wilmington University allowed me to advance my career and continue to spend quality time with my children.

Working 40 hours a week and having the ability to pursue my Bachelor's degree is one of the reasons I am grateful to Wilmington University. Another reason is the convenience of class times and various class formats. The last reason is the excellent academic atmosphere. I will achieve my greatest goal, in May of 2009, when I graduate with my Bachelor's degree in General Studies and with a minor in history. Thank you, Wilmington University, for 40 years of Academic Excellence.

Wilmington University was a pivotal step in my professional career as a senior engineer and professor at Salem Community College. I am particularly indebted to my instructors and the staff at the University for their guidance and assistance, and the preparation they gave me for graduate school that pave the way for my eventual career in engineering.

I began my experience in 1999 as a graduate student in the MBA program. It was certainly a unique experience for me. I met many new friends and learned a variety of strategies and techniques for success in the business world. I am proud to say I was honored with the Presidential award for community service at graduation in May 2002. Shortly after, I began teaching marketing research as an adjunct and I continue to do so each year. It is a privilege to serve the University and give back by providing students with the knowledge to succeed in the business world. My wife has had the opportunity to take courses here too where she can expand her teaching knowledge and give back to the community.

— Goodwin K. Cobb

I am proud of Wilmington University and the Tool-Kit provided by a group of dedicated Educators and enthusiastic Administrators. 1968 and 1969 were memorable times, not unlike 2008.

A few names come to mind: The Hodapps, Dean Tarpey, Jeramiah Sullivan and Joe Farnan. These individuals were true educators and counselors that never wavered in their dedication and patience. They cleverly implied that a personal commitment is the first step to success.

Congratulations to you all for a remarkable accomplishment.
