

Forensic Science

Undergraduate Certificate

Gain proficiency in DNA analysis, hone laboratory skills, and study forensic biology and scientific crime scene investigation. Skills gained in this program prepare students to begin or explore careers in forensics or to continue their studies in a broad choice of undergraduate degree programs.

Credits from this certificate program can be applied to the BS in Biology with Forensic Science concentration as well as degree programs in Health Sciences, Interdisciplinary Studies, Applied Technology, Criminal Justice and more.

Course Requirements (21 credits)
