

# Health Information Technology (HIT) Undergraduate Certificate

Manage clinical and financial information in a health care environment. The **HIT Certificate** curriculum incorporates the disciplines of health care, management, finance, information technology, compliance and law to provide students with a comprehensive understanding of health care informatics.

Upon completion of the HIT certificate, students are eligible to sit for the Certified Associate in Healthcare Information and Management Systems (CAHIMS) exam. The CAHIMS credential gives emerging professionals a competitive advantage in advancing their careers.

## Course Requirements (15 credits)

Visit the program page for details [wilmu.edu/Health](http://wilmu.edu/Health).
