MONMOUTH
UNIVERSITY

EXPLORE IT ALL

WELCOME TO THE ADVENTURE OF A LIFETIME

At Monmouth University, everything you do begins with your curiosity and your dedication. Here, you find incredible experiences and friendships that lead to life-changing growth. You find a community that knows that true curiosity opens up a world of discovery.

It begins on a vibrant campus ready to celebrate your gifts. And it leads wherever you can imagine.

“To me, true curiosity is a drive to always know more. Monmouth taught me to do field work on shorelines, forest streams, and fisheries and mangroves in the Bahamas. Now I’m teaching others to protect sensitive environments, and the work is so rewarding.”

ERIN CONLON '20

Marine and Environmental Biology and Policy major
Citizen Science Coordinator, Urban Coast Institute

THE COAST

We’re less than a mile from stunning Atlantic beaches. They’re a place to let loose with friends, have unforgettable conversations, and research sharks and marine life. Students like Erin Conlon '20 develop their love for marine biology aboard our high-tech research vessels. Now Erin works at Monmouth’s renowned Urban Coast Institute, where the inquisitive spirit she developed as a student powers her career.

THE CITY

A train ride brings you to the heart of New York for a class trip exploring Medieval art, a night out with friends, or a valuable internship. Students like Naser Haroon '22 turn software engineering skills into positions at Goldman Sachs. Our industry partnerships with ESPN and recording studios let students rise in media, the arts, and a huge array of fields.

THE WORLD

Experience the world beyond the classroom by studying in London, interning in Washington D.C., attending a global seminar in Shanghai or Costa Rica, or engaging in a global experience program in Haiti or Guatemala. Whether you study abroad or not, you’ll immerse yourself in cultures that awaken new possibilities. You’ll build a powerful global perspective and connect with Monmouth alumni driving discoveries around the world.

{ 100% of students engaged in experiential learning }

{ 4,100 undergraduate students from 30 countries and 30 states offering diverse backgrounds and perspectives }

{ 33 majors with over 60 concentrations and minors }

{ 6 Centers of Distinction offering you opportunities in American music, the arts, polling, real estate, global understanding, and coastal ecology }

EXCELLENCE AT
MONMOUTH IS ALL
ABOUT TAKING WHAT
YOU ALREADY HAVE—
YOUR INTELLIGENCE,
YOUR CREATIVITY, YOUR
DETERMINATION—AND
DIALING IT UP.

Here, you become more connected.
More directed. More *you*. We provide high
standards and generous support to help you
make an impact wherever you want to go.

Best Colleges 2021)

YOUR PRIDE

Our Division I NCAA athletics are a source of pride and a powerful way to come together. Give your all as an athlete, or join your friends in cheering the Hawks in our state-of-the-art Kessler Stadium and OceanFirst Bank Center. Whatever your interest, at Monmouth you'll find a community ready to push you further.

YOUR DEDICATION

Your professors at Monmouth will challenge you to follow your ambition and support you at every step. They are former CEOs and accomplished scientists. Renowned artists and celebrated writers. Industry-shaking innovators and leaders in their fields. They bring you professional connections that let you launch any career you envision.

YOUR VISION

At Monmouth, the talents that you cultivate lead to remarkable accomplishments even before you graduate. Ezra Archie '22 combines his football career with a passion for recording music, collaborating with classmates to produce "Equal," a striking song and music video released by Monmouth's student-run record label, Blue Hawk Records. The experiences you choose here will clarify your vision for the future and set you on the path to achieving it.

MONMOUTH { YOUR } MARK

“ I learn so much through hands-on training in the recording studio and from the connections of our professors. Our classes meet with industry executives who work with Diddy, Megan Thee Stallion, and lots of award winners. Preparing for every part of the industry—recording, marketing, the business of music—is so valuable for my career.”

EZRA ARCHIE '22

Music Industry major / Wide Receiver, Monmouth Hawks
